

Sheriff Gives His Testimony

He Tells of Call by Varner In Slaying of Man, Youth

CALIFORNIA, Mo. (AP)—Sheriff Herman Abbett of Miller County testified today it took him 4 minutes to walk from Tex Varner's riding arena to the scene of a double ambush slaying a year ago.

Varner is on trial for the killing last July 5 of Larry Dale Irwin, 15-year-old helper at a rival riding ranch at the Lake of the Ozarks. Varner was acquitted April 4 of slaying Irwin's boss, Edwin Boyesen.

Ships Collide On East River Early Today

Three Said Missing; Explosion Sets Fire To New York Bridge

NEW YORK (AP)—A Swedish freighter rammed an oil tanker in post-midnight darkness on the East River today. The resulting explosion turned the river into an inferno and sent flames leaping so high they set the Manhattan bridge afire. The tanker sank.

Three persons were reported missing—two from the tanker, one from the freighter. Thirty-seven others were hospitalized and 11 others escaped without serious injury.

Many plunged into the water, screaming for help, and swam through flames to rescue boats. The fire on Manhattan Bridge did no great damage. Transit and vehicular traffic was halted for a time.

The surface of the river was covered by gasoline from the sunken tanker.

The menace of further explosion or fire was so great that the Coast Guard closed off the river to ships.

Gasoline accumulated along both shores in the vicinity of the crash.

Fire hoses were kept ready on all piers and wharves. Gasoline was in the waters of the Brooklyn Navy Yard.

A photographer for the New York Journal-American, William Finn, 52, collapsed and died of a heart attack while covering the disaster.

Russians Cruise By Accident Into Forbidden Water

PHILADELPHIA (AP)—Two visiting Soviet scientists went on a moonlight cruise into forbidden waters of the Delaware River Tuesday night. Their excursion ship all but muzzled the massed might of warships at the Philadelphia naval base.

But it was strictly an accident. One of the Russians stood with his back to the rail as the boat glided past the big base. And just to make sure that the point of his turning wouldn't be missed, he launched into rhapsodic praise of Mark Twain's "Huckleberry Finn."

His colleague immersed himself in conversation, too. A young man stood right next to them giving his girl a rundown on the number and kind of ships at the base.

The Russians are Dr. Nikolai Zhavoronkov, director of Mendeleev's Institute of Chemical Technology in Moscow, and Prof. Simon I. Volkovich, of Moscow University and a member of the U.S.S.R. They are attending the golden jubilee convention of the American Institute of Chemical Engineers. The outing on the river was for all convention delegates.

Hearing Continued In Magistrate Court Against Mokane Girl

FULTON, Mo. (AP)—A preliminary hearing on a murder charge against Jo Ann Taylor, 17, of Mokane has been continued in Magistrate Court until July 2. The hearing had been scheduled for Thursday.

Miss Taylor, valedictorian of her graduation class at Mokane high school, has admitted the fatal shooting her father, Joseph M. Taylor, to death at the family home June 22. She is free on \$5,000 bond.

Prosecuting attorney Frazier Baker said today the delay was necessary because Lt. John Williams, Missouri Highway Patrol laboratory expert and a key witness in the case, is scheduled to attend the patrol's training school at Rolla Thursday.

Sheriff Abbett testified Varner called him between 1 and 1:30 p.m. July 6 and said two men had been killed.

The sheriff said he telephoned Sheriff Jack Stotler of Camden County because the scene apparently was close to the line between their counties. They went to the Varner ranch together. Varner was waiting. The three walked together to the bodies.

George Earl McDaniels, then 13, testified he helped Boyesen build fences at Lake of the Ozarks State Park. He said the purpose was to keep Varner from using the park as part of his bride trail. Varner formerly held the horseback riding concession in the park but Boyesen's outfit had supplanted him.

Mrs. Robert Mains of St. Louis took the stand to give supporting details of the story her husband told the jury yesterday about the finding of the bodies.

They were members of a trail riding party led by Varner and it was about 1 p.m. on July 6.

Mrs. Mains said her husband was the first to see the bodies. She said Mains told Varner immediately. She said Varner exclaimed:

"Aw, you're crazy."

The party doubled back past the spot and Mrs. Mains said from the top part of the field you could plainly see the bodies of the two men. She said Varner and her husband rode close to them while the others stopped at a distance. She said she heard Varner say:

"Just what I figured."

Mrs. Mains said Varner hurried the riding party away and back to his arena. She testified she heard Varner say: "It looked like Ed Boyesen and his helper."

Mrs. Mains said the riding party rode around the arena about 15 minutes and the next she saw of Varner was when he drove in the front gate in his pickup truck. "We'll call the sheriff now," she quoted him.

A few minutes later Walter A. Summer drove in the gate. Summer operates a store on U.S. 54 about half way between Osage Beach and Lake Ozark, a few miles north of Varner's spread. He is one of the main state witnesses.

Mrs. Mains said she heard Varner tell Summer:

"I believe I've solved your problem."

Summer told the jury yesterday Varner asked him to come over after the bodies were found.

Dense Clouds Cover Most of State Today

KANSAS CITY (AP)—Dense clouds covered most of Missouri today and heavy thunderstorms pelted some places in the southern part of the state.

Heavy overnight rains, particularly in west-central Missouri, measured up to 2.95 inches at Nevada, 2.60 at Clinton and 2.46 at Lexington.

Temperatures continued quite low for late June. It was only 49 at Butler this morning and many points had readings in the low 50s.

Forecasters said skies will clear in the northwest during the day but showers and thunderstorms will continue in the east and south today and tonight.

Other overnight rainfall reports included around an inch and a half at Booneville, Chillicothe, Clinton City, Concordia, Raytown and Stover.

State Is Ordered To Pay Old Debt

JEFFERSON CITY (AP)—A \$2 million state debt dating back to the 1870s was ordered paid by the State Board of Fund Commissioners yesterday.

Gov. James T. Blair said the action would save the state about \$10,000 a month in interest payments.

The payment retires certificates of indebtedness representing money the state borrowed from the school and seminary funds during hard times. The certificates drew 5 and 6 per cent interest over the years. About \$990,000 of the debt remains.

POLARIS AWAY—The Navy's Polaris zooms into the air in a test firing from Cape Canaveral, Fla. The solid fuel rocket went out of sight in about 12 seconds. (NEA Telephoto)

Armstrong Is Dismissed

Goldfine-Adams Investigation Explodes Into Angry Quarrel

WASHINGTON (AP)—The Goldfine-Adams investigation exploded into an angry row today climaxed by dismissal of a former Securities and Exchange Commission chairman from the witness stand.

J. Sinclair Armstrong, SEC chairman in 1955-57 and now an assistant secretary of the Navy, tangled from the outset with Chairman Oren Harris (D-Ark) of the House subcommittee digging into SEC handling of cases involving Bernard Goldfine, a Boston industrialist.

The Congress members want to know whether SEC pulled its punches and whether it was influenced by Sherman Adams, top aide to President Eisenhower and a close friend of Goldfine.

"I've been outraged" at allegations that SEC people "could possibly be influenced by anybody," Armstrong hotly told the congressmen.

Harris asked the former SEC chief to step aside and not resume the witness stand until Harris returned from another committee meeting the congressman was about to attend. He said he had some questions to ask personally.

Armstrong kept right on. "I've been waiting for two years to make this statement," he said in a rising voice.

"You've been before this committee at the beginning of every Congress," shot back Harris.

"Well, what have we talked about?" asked Armstrong.

Banging his gavel, Harris sent Armstrong from the witness chair.

The congressmen then turned to some secondary witnesses.

There were indications the subcommittee would deal gingerly with a question that bobbed up Tuesday—whether Goldfine bestowed favors on federal judges.

Robert W. Lishman, counsel for the subcommittee which has heard of Goldfine's beneficence to presidential aide Sherman Adams and some Republican senators, said any evidence he has on gifts to judges will remain locked in his files until the committee directs otherwise.

Representatives John E. Moss (D-Calif.), John Bell Williams (D-Miss) and John B. Bennett (R-Mich) all said Goldfine would be asked when he testifies next week about a report that he paid a hotel bill for Federal Judge William T. McCarthy of Boston.

But Moss cautioned against drawing any hasty conclusion.

Moulder Introduces Bill for a Coin To Honor Tipton

WASHINGTON (AP)—Rep. Morgan Moulder (D-Mo) Tuesday introduced a bill to authorize a special 50-cent coin commemorating the 100th anniversary of the founding of Tipton, Mo., and the first regular overland mail service from there to San Francisco.

Aides of Moulder said the Treasury Department had indicated opposition to such legislation, saying only two commemorative coins had been issued since 1937.

The Tipton Centennial, Inc., which requested the legislation, is planning an anniversary celebration at Tipton Sept. 13-20.

The first train reached Tipton Sept. 16, 1858. On the same date a stage left Tipton for San Francisco, and during the celebration in September another stage will follow as nearly as possible the old route.

that would undermine public confidence in the courts. Rep. Morgan Moulder (D-Mo) said the courts are not directly connected to the subcommittee's assigned task of looking into operations of federal regulatory agencies.

McCarthy's name entered the inquiry yesterday as one of the judges in a lengthy case aimed at forcing the East Boston Co., a holding company owned mainly by Goldfine, to file financial reports required by the SEC.

Three Men Enter Pleas of Guilty In Circuit Court

Three men entered pleas of guilty to Judge Dimmitt Hoffman in Circuit Court Monday and were sentenced to terms of imprisonment with the Missouri Department of Correction. All three declined the use of a court-appointed attorney.

Allen Cordry pleaded guilty to passing a bad check for \$3.30, drawn on the Bank of Ottumwa and made out to T. A. House. He passed the check on May 24, 1958, according to information presented by the state. He was sentenced to two years, with the sentence to begin immediately.

William E. Miller pleaded guilty to a forgery charge and was sentenced to two years. He admitted passing a check drawn on the Third National Bank for \$21.81, supposedly made out to him by Kenneth L. Potter.

Guinn Stanley pleaded guilty of armed robbery of Brown's Service Station April 15, and was sentenced to five years. The information presented by the state indicated that Stanley, in conjunction with James E. Lyon, took \$144 from Arnold Suddeth, the station attendant, at knife-point.

Lyon was previously sentenced and is serving a five-year term with the department of correction.

US Accuses Soviet Of Stage Managing

WASHINGTON (AP)—The United States bitterly accused the Soviet government today of stage managing the demonstration at the U.S. Embassy in Moscow.

The resulting situation, the State Department said is bound to increase international tension.

The State Department's spokesman, press chief Lincoln White, said no reports had been received as yet from the U.S. Embassy in Moscow.

White told his news conference: "Free world public opinion will certainly appreciate the difference between spontaneous demonstrations expressing shock and revulsion at the executions of Imre Nagy and colleagues, such as those in Copenhagen, Bonn and New York, and the obviously staged Moscow 'demonstrations' organized in retaliation which are bound to increase international tension."

Wyoming Has Snow

CHEYENNE, Wyo. (AP)—It was January in June today in southeastern Wyoming. Light snow fell and temperatures dipped into the 30s.

Laramie's 34 was the lowest early morning reading. Cheyenne was only one degree warmer. One inch of snow was on the ground at Laramie.

Temperatures were in the 40s elsewhere in Wyoming and northeastern Colorado.

Soviet Crowd Demonstrates At US Embassy in Moscow

Protest Seems Well-Planned; No Damage Done to Building

MOSCOW (AP)—A crowd of more than 1,000 Russians some angrily shaking their fists and shouting foul epithets, demonstrated today at the U.S. Embassy.

About 150 Soviet policemen kept the crowd under control. One screaming Russian hurled a stone through an open window but there was no damage.

Shooting Outbreak In Beirut

It Occurs Shortly After Lebanon Asks Frontier Seal by UN

BEIRUT, Lebanon (AP)—Heavy firing broke out in Lebanon late today shortly after the government announced it had asked for an armed U.N. emergency force to seal off the frontier.

President Camille Chamoun said he expected a big rebel push against his pro-Western government at any hour, but it was too soon to say whether this was it.

The heaviest firing was heard in Ghandak Ghamik, on the outskirts of the Basta section of Beirut where rebel forces under former Premier Saeb Salam are entrenched inside barricades.

Shooting broke out in the post office area at about the same time and firing erupted and bombs were exploded in Ashrafiah, the Christian quarter in the eastern part of the capital.

Machine guns, mortar fire, dynamite bombs and small arms fire could be heard as the rebels and security forces exchanged fire.

The fighting broke a long day of unusual calm in Beirut.

Premier Sami Solh announced the request for a U.N. force to completely seal off Lebanon's frontiers with the Syrian province of President Nasser's United Arab Republic.

The request was handed to U.N. Secretary General Dag Hammarskjöld, now winding up an on-the-spot survey of this little revolt-republic.

President Camille Chamoun told a news conference the shelling of his forces from Syrian soil took place Tuesday in the presence of U.N. observers.

Chamoun said the activities of Nasser's government had made the rebellion against his own regime a crisis affecting the peace of the entire Middle East and his government could not be expected to bear the burden alone.

Late Bulletin

Battle of Pitchforks

LISBON, Portugal (AP)—Hundreds of peasants, armed with sickles and pitchforks, fought a pitched battle Tuesday with guardsmen in Montemor Novo. Two peasants were killed and a number of others injured.

Reuther Is Challenged

Pickets Wedge Traffic At Chrysler Workshop

DETROIT, Mich. (AP)—Defiant pickets, facing union action to take over control of their local, jammed up traffic at the Chrysler Corp. missile plant for a third day today.

A line of cars eight miles long piled up as United Auto Workers pickets paraded before the plant, which produces Army Jupiter and Redstone missiles.

A bottle was tossed into one car and some motorists entering the plant were poked by pickets who reached through car windows.

Deputies formed a cordon to keep nonstrikers' cars moving into the plant. Pickets jeered the officers.

Two pickets were held for investigation of disorderly conduct. One was accused of sprinkling tacks at parking lot entrances, and another of excessive abuse of officers.

In a move to quell the wildcat walkout, UAW President Walter Reuther called officers of the

U.S. Ambassador Llewellyn Thompson told reporters he planned no protest because "under our system of government we do not object to peaceful assembly and demonstrations."

The crowd included some youths in army uniforms. The Russians converged on the building in what clearly was a well-planned demonstration in retaliation for demonstrations by Hungarian refugees last weekend at the Soviet U.N. offices in New York.

About 25 Soviet policemen held the crowd back when it first surged across the sidewalk toward the 10-story embassy building. The number of police was quickly increased to 150.

Some demonstrators shouted for Ambassador Thompson to make an appearance. He was away at the time and was understood to be having lunch at home.

American diplomats and their families looked out from upper story windows to observe the demonstration. The crowd whistled and shouted catcalls. They some demonstrators whipped out pocket mirrors and flashed sunlight into the eyes of the watching Americans.

The Russians were emotional but much less rowdy than the ones who demonstrated Monday at the West Germany Embassy and last week at the Danish Embassy. The German Embassy was heavily damaged by a barrage of rocks, sticks and ink bottles. Stones smashed windows at the Danish Embassy.

All three demonstrations were in retaliation for protests staged at Soviet embassies against the recent executions of Hungarian ex-Premier Imre Nagy and three other leaders of the unsuccessful 1956 Hungarian revolt.

In each case the Soviet press told of the demonstrations abroad just before the protests were staged here.

When newspapers told today of the demonstrations at the Soviet U.N. offices in New York, U.S. Embassy personnel immediately began preparing for trouble.

The Americans evacuated the ground floors of their building. Minister Richard Davis called on the Russians for extra police protection.

Hoses were laid out in the downstairs halls for use in case of fire. Windows were covered with cardboard.

Eight U. S. Marines, normally on duty on the top floors, were transferred to the ground floor corridors. Furniture on the two lower floors was moved out.

Russian employees were given the day off.

A total of 150 Americans, including the wives and children of diplomats, live in the embassy building, mainly in apartments on the middle floors.

Another 50 embassy families are housed elsewhere in Moscow, as are the 12 American news correspondents in Moscow and their families.

MAKES NON-STOP CROSSING—Holding flowers, Max Conrad, the "Flying Grandfather," is cheered on his arrival at Palermo, Sicily, after completing a non-stop flight from New York in a single-engine Piper Comanche plane. It took Conrad 35 hours to fly the 4400 miles. He used 235 gallons of gasoline. (NEA Redia-Telephoto).

Funnels Seen In Area

Police Sound Sirens As Tornado Warning

Sedalians were alarmed Tuesday night between the hours of 10:14 p.m. and 1 o'clock Wednesday morning, when tornado warnings were received. Sedalia's first warning was received at 10:14 from the Warrensburg police to the Sedalia police, and at 11:30 a call was received from the Windsor police, where funnels had been sighted and were reported headed in a general direction of Sedalia.

No damage resulted in the city during the night, but heavy rains fell up to as late as 3 a.m. amid occasional lightning and thunder. The rain resumed a couple of hours later. Shortly after 6 a.m. Wednesday, a power transformer went out in the southwestern section of the city, knocking out electricity in homes in that area for a short time until repairs could be made.

Local police used the best method they had to warn Sedalians to be on the lookout. Their patrol cars were sent out slowly cruising with their sirens blowing. It had its meager effect as residents began jamming the police telephones with calls. Newspaper telephones were kept jingling, as were those at the KDRO radio and television station.

The Pettis County fire department added its assistance to the warning by pulling its truck outside the station and blowing its siren. The department had called the police to learn if there had been any warning and what it could do.

The Sedalia fire department was on the alert, but did not blow sirens. However, the telephone was kept busy by people calling the department over the fire alarm system. Had there been an emergency for the fire companies, the alarm system would have been blocked. The department today again asked persons not to call TA 6-2121 except in emergency. The business or private line is TA 6-8044, and this is the number that should be used for anything other than a fire report.

Chief of Police Ralph Hamlin, notified at his home of the alert, went to the station, began the cruising operation and went to the west section of town to report on cloud formations.

Hamlin, in discussing the alert, said, "We did the best we could under the circumstances. It was not to alarm people, but to warn them. This is the only alert system we have at the present time and

it will be carried out in the same manner until a more practical system is set up."

Peggie Hewitt Homan, Pettis County civil defense director, went to police headquarters when she learned of the storm warnings. She and Chief Hamlin discussed the alarm system and both feel that a civil defense warning system could be used in Sedalia, both in connection with a national alert and with storm warnings such as were experienced Tuesday night.

Chief Hamlin reported that if such an occasion arises again, the police patrol cars will go on a tour of the city at a slow pace, sounding their sirens. People can call either his home or police headquarters for the report.

As a public service, KDRO radio and television will go on the air and remain on the air until an all-clear word has been received.

KSIS likewise will take to the air after hours if an emergency exists, and the public can listen to get the reports on the storms.

The street rehabilitation program the City of Sedalia will embark on as soon as the weather permits will involve the correction of inadequate street drainage in some areas, according to information from the Mayor's office Wednesday.

The work will involve cleaning out ditches and driveways, and the changing of driveway entrances where inadequate drainage forces the water to run across or into the street.

At these points, it was explained, the city will install an adequate drain pipe, providing the property owner buys the pipe. There is no fund with which the city may buy the pipes, and the mayor has asked the cooperation of property owners involved in this part of the rehabilitation program.

It was stressed that these minor drainage problems must be corrected before the street can be rehabilitated, in order to obtain the maximum life from the new street.

The rehabilitation program is authorized by the Mayor and the City Council.

Lost Humor

Someone made a joke today about the possibility of snow, but to residents of Wyoming it was no joke. It snowed out there today.

Decreasing cloudiness and cooler tonight; Thursday mostly fair and continued quite cool; low tonight 54; high Thursday 75.

The temperature at 7 a.m. was 50 and 60 at 1 p.m. Low Tuesday night 50. Rainfall 1.35 inch.

The temperature one year ago today, high 89, low 58; two years ago, high 93, low 69, with a trace of moisture; and three years ago, high 78, low 61, with 1.87 inches of rain.

Lana's Deposition Is Postponed Today

LOS ANGELES (AP)—Actress Lana Turner's deposition in connection with the slaying of her sweetheart was postponed today because of the illness of an attorney.

Miss Turner's friend, Johnny Stompanato, was slain by her daughter, Cheryl.

The deposition was supposed to be taken today in the office of Atty. William J. Pollack, who represents the dead man's son, John Stompanato III, of Hammond, Ind., in a civil action for \$75,000 damages. But Pollack came down with a virus ailment. No new date has been set.

They Confer With Benson

Agriculture Advisors Speak Optimistically of Economy

WASHINGTON (AP) — The 18-member bipartisan National Agricultural Advisory Commission forecasts a reasonably good economic outlook for agriculture in the months ahead.

The commission, appointed by President Eisenhower to advise the administration on farm poli-

cies met with Secretary of Agriculture Benson Monday and Tuesday. In reporting on its activities, Benson told newsmen the commission reported the recession has worked little hardship on agriculture generally.

Benson said the group was optimistic about the farm future.

In other developments, the secretary said congressional uncertainty about farm legislation may force postponement of his plans to visit Soviet Russia. He had made tentative plans to make the visit late in July or early in August.

Benson sharply criticized an omnibus farm bill approved by the House Agriculture Committee and due for House action late this week or early next. He said the measure was an "economic hodgepodge" of some good and some bad features.

About the time he was speaking, the Senate Agriculture Committee approved a different omnibus measure, Chairman Allen J. Ellender (D-La.) said it was so near what Benson asked that "I can't see how the Agriculture Department can reject it."

Benson did not comment on the Senate measure.

The National Grange, a major farm organization, issued a statement giving the House bill its grange said the bill would increase gross farm income from \$1,900,000,000 to \$2,900,000,000 in 1959. Benson said he hoped the House would defeat provisions of the bill which would result, he said, in extension of controls and regulations on farmers.

"Instead, let us provide farmers with means to expand markets, research, and new uses of farm products and revision of acreage controls and price support programs to permit more freedom for farmers," he said.

WASHINGTON (AP) — The Ag-

AWOL Airman Faces 30 Days Hard Labor

BILOXI, Miss. (AP) — Airman Donald Keeton, who went AWOL in a rented plane to see his girl friend in Dallas, Tex., faces 30 days at hard labor and a reduction in rank.

A court-martial at Keesler Air Force Base convicted 21-year-old Keeton on an AWOL charge Tuesday and sentenced him to be broken to airman basic, forfeit \$65 of pay and to 30 days hard labor. The sentence is subject to review.

Keeton rented a plane at near-by Gulfport June 12, eluded military and civilian aircraft searching for him and landed in a field near Tyler, Tex.

When arrested two days later at his mother's home in Dallas, he said he made the flight to see 17-year-old Doris Lynn Bowling.

Keeton said a suicide note left behind in his barracks at Keesler AFB here was a hoax.

Believe Russia, West Will Meet at Geneva

MOSCOW (AP) — A new Soviet note to the United States indicates that as far as the Russians are concerned, experts of the Western and Communist world will meet on schedule July 1 in Geneva to discuss ways of policing a ban on nuclear weapon tests.

The Soviet note, handed to U.S. Ambassador Llewellyn E. Thompson Tuesday, named the Czechoslovak and Polish members of the Russian delegation and said a Romanian expert also probably would be appointed.

Surveys showed that physicians and surgeons are paid nearly 300 million dollars, dentists about 100 million, hospitals more than 150 million, health insurance slightly more than 200 million, about 150 million for prescription drugs, about 50 million for non-prescribed drugs and 25 million for vitamins and minerals.

The average annual expenditure per farm family for health care was said to be more than \$250.

Coast Guard Orders For Calvert, Yacht

TOKYO (AP) — The Japanese coast guard today ordered two patrol boats and a plane to begin searching the East China Sea for Hollywood actor-magician John Calvert and his yacht Thespian.

The coast guard said it still didn't feel the 83-ton craft was overdue or necessarily in danger but was ordering the search because radio contact had not been made with the boat.

The Thespian left Formosa for Fukuoka, Japan, June 16 with Calvert and four other Americans aboard. It was sighted once 150 miles southeast of Shanghai and 180 miles from Fukuoka.

Calvert was planning to make stage appearances in Japan. His manager said he feared the party had been captured by the Chinese Communists.

Katy Income Down

ST. LOUIS (AP) — The Katy railroad's net income went down last month from the same time last year.

The railroad reported its net

Manager Electrocuted Changing Pool Bulb

HOUSTON (AP) — Richard C. Melzarek, about 25, was electrocuted yesterday while changing an underwater light bulb in a swimming pool.

Melzarek, a University of Houston student, was working on a pool at an apartment building where he was the summer manager.

He was the son of Mr. and Mrs. C. A. Melzarek of Kansas City.

income for May was \$77,255 as compared with \$248,947 for May, 1957.

Mt. Aso Still Smokes After an Eruption

KUMANO, Japan (AP) — Mt. Aso still spewed smoke today after an eruption that came without warning, killing 12 Japanese and injuring 28.

The 5,225-foot active volcano in southern Japan flung out rocks and ashes Tuesday night over a two-mile radius, demolishing small buildings.

The big crater is a leading tourist attraction in Aso National Park.

Vows Exchanged

At twelve o'clock noon, Saturday, June 14, Miss Velma Fishback, daughter of Mr. and Mrs. Dean Fishback, Frisco, exchanged vows with Sfc. Lorenzo Dow McCoy, son of Mr. and Mrs. Joe McCoy, Nelson, at the home of the bride's parents. The ceremony was performed by the Rev. Jim Wright, Wheatland.

For the wedding, the bride chose a ballerina length dress of blue chiffon over silk and net, trimmed with pearls and her bouquet was of red roses.

Attending the couple, were Miss Carolyn Fishback, sister of the bride and Roy McCoy, brother of the groom.

The couple left for a wedding trip through the Shepherd of the Hills country, and upon their return will be at home at Ft. Lewis, Wash., where the groom is stationed with the United States Army.

Honored On 53rd Anniversary By Calvary Baptist BWC

On Thursday, June 19, the members and husbands of the BWC of Calvary Baptist Church gave a surprise party at the home of Mr. and Mrs. Percy Williams in honor of their 53rd wedding anniversary which was Saturday, June 21.

Moving pictures were shown by Mr. and Mrs. Clay Shelledy of their vacation to Hawaii. After group singing the devotional was given by the Rev. H. L. Alley followed by prayer. Mrs. Emerald Holde- man, community missions chair- man, and Mrs. Clay Shelledy, BWC president, had charge of the pro- gram and entertainment.

A gift was presented to Mr. and Mrs. Williams by the BWC mem- bers after which refreshments of ice cream and cake were served to Mr. and Mrs. Clay Shelledy, Mr. and Mrs. Lloyd Gehlken and chil- dren, the Rev. and Mrs. H. L. Al- ley, Miss Zula Haite, Mrs. Theo- dosia Hampton, Mrs. Forrest Mer- riott and Mr. and Mrs. Homer Tylar.

St. Andrew's Host To Diocesan Council

St. Andrew's Parish, Tipton, was host to the Boonville Deanery meet- ing of the Diocesan Council of Catholic Women, Sunday afternoon, June 15.

The meeting was presided over by Mrs. Emmett Hurley, deanery president, Sedalia. Mrs. Fred Haerle, secretary, Boonville, and Mrs. James Wansing, treasurer, Shackleford, gave reports.

Mrs. John Veulemans, president of St. Andrew's Altar Society wel- comed the guests. Monsignor Har- old Beeler, Boonville, gave an ex- cellent talk on Rural Life, pointing out the advantages, both spiritual and material of living on the land.

Of the nineteen affiliates com- prising the deanery, sixteen were represented at the meeting. Re- freshments were served by the hostesses, Mrs. T. W. Franken, Mrs. James Verlinden, Mrs. Leo Knipp, Mrs. Frank Fulk, Mrs. Paul Orscheln and Miss Dolphine Rosenhan. The September meeting will be held in California.

Wedding Anniversaries Birthday Celebrated

Mr. and Mrs. Louis Satorious and daughter, Janet, Mr. and Mrs. Ervin Reusch, Valerie and Doris, Miss Ruby Vajen, Oscar Von Hol- ten were supper guests Wednesday night of Mr. and Mrs. Otto Vajen. The occasion was in honor of Otto Vajen's birthday and the 31st wedding anniversary of Mr. and Mrs. Otto Vajen and Mr. and Mrs. Louis Satorious.

Other evening guests were Mr. and Mrs. Marvin Robertson, Miss Sandra Baker and Mr. and Mrs. Art Eichholz. Refreshments of cake and ice cream were served later in the evening.

Epworth Circle Meets

Mrs. W. A. Green's Circle of the Epworth Methodist Church, Broad- way and Engineer, met Tuesday, June 10, in the home of Mrs. Flora Holt, 1400 East Fifth, with Mrs. Frances Donath as assisting host- ess. Sixteen members and two visitors, Ira Bronson and Rosalee Alcorn, were present.

The meeting opened with the circle watchword and the devo- tions were given by Pauline Garrett from the Upper Room; Stella Hall, "Can You Spare a Dime?" from "Alcoholics Anony- mous" and "Something For Every- body" by May Varney.

Prayer for the ill, bereaved and shut-ins was given, ending with the Lord's Prayer. It was an- nounced that 32 sick calls were made and 18 cards signed and sent to the shut-ins.

The hostess served refreshments after which the meeting closed till the second Tuesday in July when the hostesses will be Mrs. Mabel Horttor and Mrs. Virginia Schlobohm.

Social Calendar

THURSDAY

Rebecca Sewing Club picnic at Liberty Park at 6:30 p.m.

Philathea Class of East Sedalia Baptist Church meets for all day session. A contributive dinner will be served at noon.

American Legion Auxiliary Unit 98, will meet for regular business session at the hall, Pettis and Ohio, at 8 p.m.

SATURDAY

Xi Omega Chapter will have a weekend party at the lake cabin of Mr. and Mrs. Glenn Kirkpatrick.

SUNDAY

Daughters of Isabella will have quarterly communion at St. Patrick's Church at eight o'clock mass.

Engagement

Mr. and Mrs. Willie Hopkins, Frisco, announce the engagement of their daughter, Shirley Ann, to Jackie Still, son of Mr. and Mrs. Oliver Still, Fairfield. The wed- ding will take place July 16.

Xi Omega Members Plan Weekend at Lake

Mrs. Rosalee Pressley will be hostess to the Xi Omega Chapter of Beta Sigma Phi on Saturday and Sunday at the lake cabin of her parents, Mr. and Mrs. Glenn Kirkpatrick.

Skiing, boat riding and fishing will be enjoyed by members on Saturday, with their husbands and dates attending on Sunday.

ATTEND FILM FESTIVAL—While the gendarmes hold back the crowd, Prince Rainier and Princess Grace of Monaco arrive at the Cannes Film Festival in Cannes, France. This marked the first time that Princess Grace has been to the festival since she was there as one of Hollywood's greats.

Vows Solemnized

Miss Linda Kay Schrader, daugh- ter of Mr. and Mrs. Ray Schrader, north of California and Junior Parker, son of Mr. and Mrs. Claud Parker, Clarksburg, were united in marriage, Saturday evening, June 14, at quarter past seven at the home of the Rev. Ivan Dan- erson, who performed the double ring ceremony.

The attendants were Miss Alice Parker, sister of the groom, and Lloyd Schrader, brother of the bride.

A basket dinner was given Sun- day at the home of the groom's parents which was followed by a shower.

The couple left for a short wed- ding trip to Des Moines, Ia., and upon their return will reside with the bride's parents.

The groom is presently employed by Helms Electric Shop in Tipton.

Former Iowa Governor

New Government Office Head
Resembles Hawk With Butch

DES MOINES (AP)—A hawk with a butch haircut—that's Leo A. Hough, chief of the new Office of Defense and Civilian Mobilization.

The 50-year-old former Iowa governor was named by President Eisenhower yesterday to the \$25,000-a-year combined agency job.

Since he was named chief defense administrator a year ago, this energetic Midwesterner has carried to Washington his hawk-like habit of heading straight for target.

Actually, Hough's name (pronounced "Hoyg") means hawk in Danish. His adversaries will tell you the name fits. Hough likes a good scrap.

Tank Bursts; Ammonia Overcomes Family

HASTINGS, Mich. (AP)—A young couple and their two infant sons were overcome by ammonia fumes last night when a line through which liquid ammonia was being pumped from a tank car to a storage tank burst.

Police Chief Richard Senior said hundreds of pounds of the liquid ammonia escaped and enveloped an eight square block of Hastings with a dense fog of ammonia gas. Mr. and Mrs. Charles Roscoe, both in their early 20s, and their sons Charles Jr., 18 months, and Kevin, 5 months, were overcome. All were hospitalized. Their condition was reported good.

Senior said the Roscoes lived near the railroad siding on which the tank car carrying the ammonia was parked.

Jack and Jackie Wed

VAN NUYS, Calif. (AP)—Actor-producer Jack Webb and former beauty queen Jackie Loughery were married last night at the home of Webb's best man.

Municipal Judge Byron J. Walters performed the ceremony in the home of Herman Saunders, a long-time friend of Webb. Matron of honor was Mrs. George Poste of Brooklyn, "a one-time schoolmate of Miss Loughery's."

After a reception for 50 friends at a Sunset Strip restaurant, Webb and the actress left on a one-day honeymoon. They plan a longer trip later, when Webb completes business dealings on a new TV series.

Webb—Sgt. Joe Friday of Television's *Dragnet*—was previously wed to actress-singer Julie London and actress Dorothy Towne. Miss Loughery was married to singer Guy Mitchell. She was Miss United States in the 1953 Miss Universe contest.

Hough bid it in for \$34.

Not long out of the University of Iowa, where he studied law, he was elected to the state legislature at the age of 28. After three terms came four years of war duty, a stretch of legal practice in Charleston, Iowa, and then appointment as state attorney general. In this job the young lawyer with the close-cropped hair became widely known.

In 1954 Hough was elected governor. He was an aggressive administrator and tangled several times with his Republican legislative majorities. Some in the party did not weep when he was defeated in 1956. None, however, challenged his integrity.

Hough was a pre-convention like man in 1952. He had a key role in landing eight pro-Eisenhower votes from among Iowa's 10 delegates at large.

When he left the statehouse in early 1957, Hough said he wasn't interested in a federal job. He accepted the civil defense post last July, however, and old-timers in the federal Civil Defense Administration say he has been a real sparkplug.

In less than a year Hough has started a program aimed at providing a million radiological monitors within a year, promulgated a national shelter policy, and has drawn up a national civil defense plan to be announced if Congress provides the prerequisites.

Hough, his attractive wife Mary Louise, and their two daughters, Kristin, 14, and Janis, 9, live in a new colonial four-bedroom house in Bethesda, Md.

Before they left Charleston they put many of their household possessions up for auction. Janis' electric train was on the block. Then Hough and Janis had a little talk.

Hough bid it in for \$34.

Hough bid it in for \$34.

News on Vandalism
To Bring GM Reward

KANSAS CITY (AP)—General Motors has offered a \$1,000 reward for information concerning vandalism in the Chevrolet assembly plant here.

Fifty-eight cars were damaged last week, forcing a shutdown of assembly lines. There was a similar occurrence March 4.

The vandalism became an issue in contract negotiations between General Motors and the United Automobile Workers. The UAW said it has no connection with the sabotage and disapproves of it.

Bubbles Has Playmate

SAN PEDRO, Calif. (AP)—Bubbles, the lonesome whale, has a new playmate.

Bubbles is the star performer at Marineland of the Pacific, a big oceanarium near here. For months the owners have been trying to find a mate for Bubbles. Recently a whale was caught and brought to Marineland to join Bubbles in the aquatic show. But whale experts found that the new whale, alas, is another female. She is a 10-foot 1,000-pounder, much smaller than bubbles.

Youth Submits
Fine Plan For
Firing Rocket

WASHINGTON — (AP) — The National Science Foundation has on file a detailed plan, submitted by a 12-year-old boy, for shooting a man into space for two weeks and bringing him back alive.

A top Pentagon scientist says the proposal "has all the elements of a workable system."

It came from Jonathan Orovitz of New York City, son of a department store owner. He is a seventh grader in a "special progress" class at school.

The boy's plan is peppered with technical terms.

He sent it off in a letter, made public here today, to Dr. Roy W. Johnson, head of the Advanced Research Projects Agency, the Pentagon's new space coordinator.

Johnson wrote back, "Your design has all the elements of a workable system and, in fact, is not very different from one of a number of systems that have been under consideration." He sent the letter to the National Science Foundation to be placed on file.

Jonathan did not seem very excited when he heard about the

developments in Washington. He is more than a rocket theorist. He's built and shot off several small rockets of his own.

"Mostly small glider rockets,"

he said. "I used a jet model put in sulphur and alcohol and engine, a patent rocket engine. I got a much better thrust out of it. He reads a lot of technical books but belongs to no organized rocket society."

Although named for P. T. Barnum's famous elephant, the village of Jumbo, Ohio, hardly has an elephantine population. Only twelve persons live in Jumbo.

Garden Club Travels To Six Local Homes

In the Garden Club Home Tour sponsored by the Past President's Club on Friday, June 20, were six homes. The description of three of them follows:

The oldest home on the tour was that of Mrs. W. B. Rich, 209 East Broadway. This home, built in 1872, is very lovely and the charm and graciousness of hostesses through the years in the many social gatherings there is kept alive with the warm hospitality of the present hostess, Mrs. Rich.

It was in this home that the tea for the tour was held. Dainty sandwiches, cookies and cake were served at the long dining room table on which was a beautiful linen cloth combining lace and embroidery. A large arrangement of mixed flowers in pink and white formed the centerpiece and on either side were exquisite silver candelabra with white lighted candles. A silver coffee service was at one end of the table and a silver tea urn at the other. On the buffet were silver candelabra and on side table, covered with a cutwork cloth, was a punch bowl.

The home has one or two antiques in each room. There are two spacious living rooms with many comfortable chairs and davenports, as well as an antique loveseat.

Bright draperies are at the high windows, and one of the unusual pieces of furniture is a coffee table from Peru. On this was a gorgeous arrangement of magnolias grown by Mrs. F. M. Nicholas.

Throughout the home are many interesting things, perhaps one of the most interesting being the tin-type pictures in antique oval frames of Mrs. Rich's great-great-grandmother Evelyn King. She didn't like the name Evelyn so after she was married to Byron King, who is in the companion picture, she changed her name to Lyneve, which is Evelyn spelled backwards and daughters in the family since that time have been Lyneve. Mrs. Rich's daughter is the seventh to be named Lyneve. Some of them have been called Eve or Evie but her daughter is called Lyn.

A beautiful bedspread of white linen with inserts of lace, was on one of the beds. This was a wedding gift to her mother and brought over to her aunt from England. White skirts on dressing tables with wide embroidered flounces and floral satin comforts on the bed were in the bedrooms and on the walls were a number of very old watercolor paintings. In the huge bathroom upstairs with their old fashioned fixtures was a saucy arrangement of bells of Ireland and white roses. An arrangement of white lilies were in one of the bedrooms. Beautiful arrangement were all over the home. Mrs. Rich was assisted by Mrs. W. G. Borne, Mrs. Ray Lippard and Mrs. G. G. Hopkins in preparation for the tea.

The home of Mrs. Fred Brink, 1304 West Fourth, also had many very lovely antiques. Soft blue was the predominating color in the living room with chairs of gold or rose shades. An arrangement of yellow lilies were on the coffee table. On the mantel was the fairy rose with a fairy figurine beside the delicate pink arrange-

ment. On the television was a vase of white daisies.

The dining room was beautiful with its formal dinner table using Royal Bavarian China and Chippendale flatware. The cutwork cloth on the table was of fine linen with lace trim, and the silver bowl held an arrangement of salmon pink roses. Ma Perkins, Fashion and Queen Elizabeth with baby breath. Lovely silver candleholder help pink tapers. On the buffet was a punch bowl and the china cabinet held beautiful cut glass, silver and china.

The blue and white kitchen had a red and white flower.

The stair carpet matched the living room carpet, and upstairs were lovely bedroom suites with twin beds in mahogany, and blue bedspreads.

Another bedroom was in pink and over all the house could be found lovely antiques such as the old rocker in this room. The arrangement on the dresser was of pink hydrangeas.

The bath room is in pink and white poppies and feverfew in a glass bowl.

On the stair landing was an antique mirror and table with a beautiful arrangement of white lilies.

The home of Mrs. Roy Gerster, 1309 West Third, featured many very unusual things from far away places. One was a beautiful step table in black carved wood from Honolulu, another a camel's saddle which is a bench from Cairo.

The dining room table was set for a Sunday night buffet on which was Haviland china in the Autumn Leaf pattern. The setting suggested a turkey dinner, and the imported bronze flatware came from Bangkok, Thailand. The brass candlesticks and bowl holding an arrangement of anemones were from Honduras. The flatware was beautiful, bronze with elegant bone handles. Her dining room had needlepoint chairs and the large china cabinet held many lovely pieces.

A honeysuckle arrangement was near an antique clock.

The kitchen was big with cheerful paper and the bathroom in beige and black had a planter divider filled with growing flowers.

In one of the bedrooms, which was in light green, was an exquisite antique bedroom set with a four poster bed.

An arrangement on the desk in the hall was very effective, crescent shape with galaridas in a brass bowl.

Many of the Garden Club women made the tour and were delighted with unique and beautiful things they saw in this group of very different homes.

Civil Defense Is Outlined To Optimists

Pegee Homan, Civil Defense director for Sedalia and Pettis County, was the speaker at the regular noon luncheon meeting of the Sedalia Optimist Club Tuesday at the Bothwell Hotel.

Mrs. Homan was introduced by Maurice F. Hogan, program chairman for the month of June. Mrs. Homan told her talk, "What Is Civil Defense—Do We Need It?"

She explained that Civil Defense was the responsibility of local government heads, and that by law those in such positions were compelled to establish the necessary organization to promote the common welfare of their citizenry by being prepared for both natural and enemy caused disasters.

"The success of the civil defense program cannot be accomplished without the cooperation and participation by people of a community that might suffer such a catastrophe," Mrs. Homan said. "Actually, Civil Defense reduces to the simple fact that it is people protecting themselves."

The director gave credit to both the members of the Pettis County Court and to the mayor of the city for their acceptance of their responsibilities to the county and city by promulgating a local Civil Defense organization. She pointed out that at present only nine counties within the state are organized, Pettis County being among the first with an active group and having participated in the nationwide alert last May.

Mrs. Homan also complimented the many citizens who have taken an active part in the Sedalia-Pettis County civil defense organization, but pointed out there is still an acute need for more to become interested and active. She announced a survey to obtain data from every county household pertaining to usable facilities in time of disaster. The survey will be made by nearly 700 women of the county. Inquiries made will concern usable basement space for shelter, auxiliary water supply, and similar needs for availability to neighbors in time of disaster.

Mrs. Homan concluded her remarks by inviting the club to send a member to the Pettis County Civil Defense Advisory Council which meets the first Tuesday of every month. The Optimist Club membership voted to have a representative on the council. She concluded her remarks by urging every citizen to become interested in his own welfare, by becoming interested and active in Civil Defense in some manner.

She said, "Every citizen is welcome and urged to attend the Advisory Council meetings. A job is waiting for you, or you are welcome to be present just for the valuable information available."

Singing was led by Optimist Larry Wanserski, accompanist was Lillian Fox. The Rev. James Schroder gave the invocation. Claude Boul, president, presided.

OBITUARIES

Mrs. Tessie E. Noel

Mrs. Tessie E. Noel, 65, Cole Camp, died at the Bothwell Hospital at 4:30 p.m. Tuesday, having been hospitalized for nine days. She was born on Dec. 28, 1892, in Mt. Moriah, Mo., daughter of the late J. O. Barb and Nancy Schoonover Barb. She was married to James E. Noel, Sr., on Dec. 24, 1909, who preceded her in death on June 18, 1955.

She is survived by six sons, Everett and James Noel, both of Cole Camp; Lawrence, Jack, Cecil and William, all of Masedonia, Ia.; five daughters, Mrs. Dollie Sell, Decatur, Ill.; Mrs. Maxine Swearingin, Cole Camp; Mrs. Virginia Van Winkle, Sedalia; Mrs. Sharlene McMullen, Sedalia; Mrs. Dee-dee Jones, Savannah, Ga.; four brothers, Joseph Barb, Clinton; Delbert Barb, Lincoln; Olen Barb, Warsaw; Wayne Barb, Corder; four sisters, Mrs. Elmer Summers, Sedalia; Mrs. Zelma Barnes, Sedalia; Mrs. Eva Moore, Kansas City, Kan., and Mrs. Earle Rank, Lincoln.

Funeral services will be held at 2 p.m. Thursday at the Davis Funeral Home, Lincoln, with the Rev. James Summers, Marshall, officiating.

Burial will be in the Mt. Pleasant Cemetery.

Jesse Vernon Phillips

Jesse Vernon Phillips, 68, Montecle, Tenn., died Monday at a hospital in Swannee, Tenn., following a heart attack last Thursday night.

He was born Oct. 17, 1889, in Johnson County near Windsor, son of the late J. J. and Lula Peak Phillips. His early life was spent in Missouri, leaving this state for Tennessee about twenty years ago. He was a member of the High Point Baptist Church, Johnson County.

Surviving are: a son, Vernon Phillips of Windsor, a daughter, Mrs. Emmett Ruffin, Green Ridge; a granddaughter, Linda Ruffin, Green Ridge; a sister, Mrs. Frye Gunter, Eldon; and a brother, Russell Phillips, Tampa, Fla.

A funeral service will be held at Montecle and the body will be taken to Windsor where a second service will be at 2 p.m. Saturday at the Huston Funeral Home.

Burial will be in Laurel Oak Cemetery, Windsor.

Thomas E. O'Donnell Rites

Funeral services were held at 9 a.m. Wednesday at St. Patrick's Catholic Church for Thomas E. O'Donnell, 512 East Third, who died Sunday at Bothwell Hospital.

Tuesday at 8 p.m. at the McLaughlin Funeral Chapel, where the body was up to the time for services, the rosary was recited.

Burial was in the Ridge Park Cemetery, Marshall.

Leo A. Kipping Rites

Funeral rites for Leo A. Kipping, 1400 South Barrett, who died Monday at Bothwell Hospital, were held at 9 a.m. Wednesday at Sacred Heart Catholic Church, the Rev. Francis Laudick, parish priest, officiating.

Tuesday evening at the McLaughlin Funeral Chapel, where the body remained until the hour for services, the rosary was recited.

Burial was in Calvary Cemetery.

Navy Lt. Cdr. Darnell On Training Cruise

Navy Lt. Cdr. Frederick D. Darnell, son of Mr. and Mrs. A. G. Billingsley of Route 4, Sedalia, and husband of the former Miss Marjorie M. Van Dusen of San Diego, Calif., departed Norfolk, Va., June 9, as a member of the staff of Rear Admiral Kenneth Craig, aboard the attack carrier USS Intrepid, flagship of Carrier Division Two, for a two-month Midshipman training cruise to Northern Europe.

During the voyage crew members will train Midshipmen in shipboard duties and responsibilities they will be expected to assume upon receiving their commissions.

Between training exercises the Intrepid is scheduled to visit Oslo, Norway; Rotterdam, Netherlands and Lisbon, Portugal.

The Intrepid is expected to return to Norfolk early in August.

Fine Showing Yields Gifts For Family

SANTA BARBARA, Calif. (AP)—Six weeks ago the brakes on Russell C. Moore's truck failed at the top of a grade in this seaside city.

He could have jumped. But instead he stuck with it, shepherding the runaway through eight street crossings. Almost miraculously, he avoided pedestrians and autos. The truck crashed into a creek. Moore was killed.

Moore, 31, left a wife and four children. A fifth is on the way. An account of the tragedy in the News-Press started a spontaneous flow of dollars. The total is nearing \$13,000.

As one contributor put it: "If he had tried to save himself and jumped, leaving the truck uncontrolled, who knows how many might have been killed or maimed? There are lots of children in that neighborhood. He must have been thinking of that when he decided to stay at the wheel."

Moore must have known, indeed, for he lived but a mile away.

Most of the money has come in small amounts, a dollar or two. There have been hundreds of donors. Many were anonymous. The smallest amount was 28 cents, a gift from a little boy. The largest, \$420, was anonymous.

Sums came from a semipro baseball team which staged a benefit game . . . from a visitor from Worcester, Mass. . . from schools, from churches, service clubs, small businesses, government workers, hospital patients. Along Olivos Street tots collected nickels and dimes in a pickle jar from passers-by.

The YMCA arranged for Vernon, 11, Linda, 9, and Charlotte, 8, to attend summer camps. Terry, the baby, is too young.

Says Mrs. Moore: "How can I thank them all?"

"I don't even know how to express what I feel. . . Please tell them—all those who have kept their names secret, and everyone who has thought of us, thank you."

"I tell the children how nice everyone has been to console them. Vernon says, 'Yes, I know, but I wish I had my daddy.'"

AT&T Is Directed To Cut Private Rates

WASHINGTON (AP)—The Federal Communications Commission today ordered American Telephone and Telegraph Co. to cut its rates for private telephone line service by about 15 per cent.

The order becomes effective in 60 days.

The commission announcement said that on the basis of AT&T's 1955 traffic volume—which was used in the FCC study—the ordered adjustment would reduce the company's revenues by \$5,700,000 a year.

FCC said an analysis of AT&T's own figures showed it is earning "at least" 10.5 per cent on its investment in private lines.

The reduction is designed to bring the return rate down to 7.5 per cent.

Privately leased telephone circuits are widely used by government agencies, stockbrokers, banks, large industries, and others.

Today's order does not affect the telephone service used by the general public, or telegraph services maintained by AT&T, or wire circuits supplied to TV and radio stations for program transmission.

Two Warsaw Privates To Complete Training

Marine Pvt. Charles F. Flippin, son of Mr. and Mrs. Lee Flippin of Warsaw, and William L. Getz, son of Mr. and Mrs. John L. Getz, Star Route, Warsaw, are scheduled to finish four weeks of individual combat training June 27 at the Marine Corps Base, Camp Pendleton, Calif.

The course includes the latest infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

Lee, 1919 South Ohio; Miss Lana Akin, Versailles; Mrs. Leonard Thomas and daughter, 509 East 15th; George Reed, Green Ridge; Mrs. Preston Rice and son, Fifth and Lamine; Mrs. Ophelia Bowers, 1501 1/2 South Ohio; Mrs. Everett A. Rogg, Sunrise Beach; Mrs. Earl Paxton and daughter, 28th and Marshall; and Mrs. Earl Romig, Route 1, Sedalia.

WOODLAND — Surgery: William Stone, Route 5, Sedalia.

Californian Completes Training at Ft. Wood

Pvt. Robert H. Dickson, son of Mr. and Mrs. William H. Dickson, California, Mo., recently completed the administration basic course at training at Ft. Leonard Wood.

Dickson received training in typing, record keeping and Army clerical procedures.

He entered the Army last January and received basic combat training at Ft. Leonard Wood.

A 1953 graduate of Aurora High School, the 23-year-old soldier attended Central College, Fayette, Mo.

The average farm in New Jersey consists of about 75 acres, compared to between 200 and 700 in Arizona and California.

Marriage Licenses

Alfred Joe Mittenbourg, Route 4, and Shirley Elaine Fidler, Route 4, Billie Dean Miller, 500 East Howard, and Alberta Margaret Arnold, 604 West Sixth.

Hubert Dallas Burford, Jr., Otterville, and Mary Ann Arnold, 604-B West Sixth.

Robert Lee Bryson, Route 1, and Elda Ruth Eckhoff, Cole Camp.

Accidents

A two car accident occurred in the 100 block on South Lamine at 4:55 p.m. Tuesday. There were no injuries.

Involved in the collision was a 1956 Cadillac driven north on Lamine by Margaret K. Eickhoff, 705 West Fifth, and a 1956 Buick driven north on Lamine by C. L. Hanley, Hotel Terry.

The right front fender of the Eickhoff car was damaged and the left front end of the Buick was slightly damaged.

Police Reports

Larry Bock, 238 State Fair Blvd., reported to the police the loss of his black leather billfold with a ring in it. It was later found by a man and turned in to police headquarters and the owner was notified.

An oil rack was found left out in front of the Texaco Service Station, Tenth and Limit, Tuesday night. It was taken to police headquarters and the owner was notified.

Jack Abney, 1617 South Montgomery, reported to the police the theft Tuesday night of two hub caps from his car while parked in front of that address.

A break-in at the Abbott Recreation Parlor, 210 East Main, was made sometime Tuesday night by thieves who broke out a window with a concrete block. The glass was in a rear door.

The thieves stole a canvas sack which contained about \$16 which was in a tobacco case.

Floyd Stevenson, 1107 South Montau, reported to the police four spinner Ford hub caps were taken from his car while parked at the address Tuesday night after 11 o'clock.

Police Court

John M. McFarland, 523 East Chestnut, charged with speeding 37 miles per hour in a 30-mile zone, 200 block on East 16th Street, forfeited a \$10 cash bond. Radar checked.

National Engineering Co. forfeited a \$2 cash bond for parking in a restricted zone in the 200 block on East 16th.

Glenn Moore, 701 South Montau, charged with speeding 29 miles per hour in a 20-mile zone, Third and the MKT tracks, forfeited a \$10 cash bond. Radar checked.

Albert Lynn, 516 East Fifth, charged with permitting a vicious dog to run loose, on complaint of Mrs. Leo Morarity, 525 South Lafayette, pleaded guilty to Judge Thomas T. Keating and was fined \$10.

Ten overtime parkers who failed to appear in police court forfeited their cash bonds of \$1 each, and 27 others paid the 25-cent fee.

Edward Salmons, 1405 South Harrison, was given a ten-day jail sentence along with a \$20 fine for being drunk and disturbance of the peace. He was granted a stay on the sentence but still ended up in jail. Salmons didn't have the \$20.

He pleaded guilty to the two charges. Judge Keating granted a stay on the ten days on good behavior, and providing he paid the fine.

Police took Salmons home to get his fine and he was short, so he was returned to jail to serve out 20 days for the \$20.

Hazel Palmer Speaks At Women's C of C

Hazel Palmer, Sedalia's candidate for Republican nomination to the U. S. Senate, spoke out in favor of the equal rights amendment at a meeting of the Women's Chamber of Commerce in Kansas City Tuesday.

The amendment was first introduced in 1923 and has been knocked about in political campaigns ever since. It has been presented during every session of Congress since, but has never been passed. Miss Palmer remarked:

"Although the amendment has not been passed by Congress, it has much weight in eliminating discrimination in state law."

Young Lawyer Elected South Carolina Head

COLUMBIA, S. C. (AP)—Ernest F. Hollings, a handsome Charleston lawyer and tireless campaigner, was named South Carolina's next governor yesterday by a thumping 45,000-vote margin over Donald S. Russell.

At 36, he will be the state's youngest governor in modern times.

Hollings, named one of the 10 Outstanding Young Men of the Year in 1955 by the U. S. Junior Chamber of Commerce, won the Democratic primary nomination in a runoff election against Russell, 52-year-old former president of the University of South Carolina.

With nearly all precincts unofficially tabulated, Hollings had 190,163 votes to 145,263 for Russell.

The party designation in this traditionally Democratic state is tantamount to election. Republicans have not filed a slate for the November general election.

Hollings, lieutenant governor the last four years and a state legislator for six years before that, campaigned on a platform that included, as did Russell's, a promise to attract new business to the state. His victory statement said he would start work at once on his program.

The runoff followed a three-way first primary two weeks ago in which Hollings led Russell by some 26,000 votes but lacked a majority. The third candidate was Mayor William C. Johnston of Anderson.

Hollings will take over from Gov. George Bell Timmerman Jr., who could not run under a state law barring self-succession.

The Russell-Hollings campaign was one of personalities rather than issues and it was marked by sometimes bitter political in-fighting.

Russell is a former law partner of James F. Byrnes, onetime U.S. secretary of state.

Class of '28 Has Reunion At Cafeteria

At the reunion of the members of the 1928 class of Smith-Cotton High School held Saturday, graduates from 28 states, Canada and Mexico were present. Roll was called by Evelyn Rabourn and Marcell Patrick, with 74 class members answering. The reunion started at 10:30 a.m., with the banquet beginning at 6:30 p.m. in the school cafeteria. Flackie Wilder was chairman of the arrangement committee.

Colie Ervin, master of ceremonies, introduced Dr. Heber Hunt and Miss Juanita Berry who in turn introduced the other faculty members of 1928. Dinner music was provided by Larry Judd and his orchestra, with the invocation being given by the Rev. Cecil O'Neill, a member of the class. Three selections were sung by a sextet composed of April Burton, Judy Warren, Sharon Vedder, Pat Fisher, Norma Payne and Donna Lynn accompanied by Janelle Goldsmith at the piano.

A memorial service in memory of the 20 deceased members of the class was conducted by Lloyd "Chinney" Kennon, assisted by Jo Ann Patrick, daughter of Marcell Ellison Patrick and Virginia Hilton, daughter of Mary Dugan Hilton. Soloists for the service were Gloria Robb, daughter of Marie Schubert Robb, and Harry Satterwhite, Jr., son of Harry Satterwhite. They were accompanied by Mary Edna Hert Langrill.

After the dinner, awards were presented to Daisy Cunningham for the largest family; Hattie and (Herb) Patman Schultz married the longest; Ruth Haeslip, most recently married; Lloyd Kennon, oldest grandchild; twins, Elsie Johnson; and coming the farthest distance was Earl Craig of Burbank, Calif. The class prophecy was read by Bill Burton, after which permanent officers were elected. They are Flackie Wilder, chairman, and Marcell Patrick, secretary.

The next reunion is planned for 1963.

Starke Family Plans Reunion for Sunday

The Starke family will hold a reunion at Liberty Park Sunday, June 27. A basket dinner will be served at the noon hour. In case of rain it will be held in the shelter house.

Sen. Langer Wins Primary Against Party

FARGO, N.D. (AP)—North Dakota's colorful veteran Sen. William Langer won Republican nomination for a fourth term without party backing in a race with Lt. Gov. Clyde Duffy, the GOP choice, in yesterday's primary election.

Duffy conceded in a telegram in which he wished Langer the best of luck in the fall election. With 471 precincts of 2,331 reported, Langer had 15,089, Duffy 10,278.

Langer's bid for re-endorsement was spurned by the GOP State Convention this spring in favor of Duffy, Devils Lake attorney.

Entering the race as an independent and relying on a following built up through more than 40 years in state politics, Langer made only a handful of campaign appearances. Although showing effects of a recent illness, the 71-year-old senator claimed his health was not a campaign issue. He read a statement from a Maryland hospital saying he had recovered completely.

On the Democratic side, returns from 214 precincts gave Raymond

G. Vendsel, state senator and farmer from Carpio, a lead of 2,481 to 1,359 in the Senate nomination race over Anson J. Anderson, state public service commissioner.

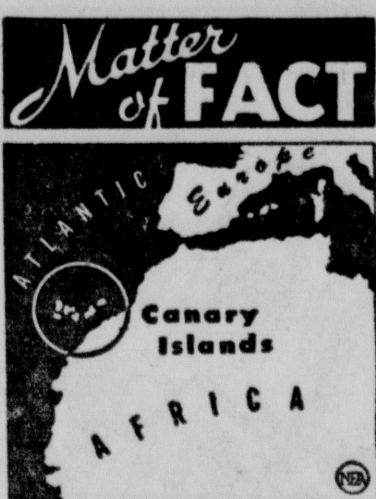

In the GOP contest for two nominees for Congress to fill berths being vacated by Representatives Usher L. Burdick and Otto Krueger, both Republicans, two party endorsees led. With 214 precincts reported, Orris G. Nordhagen, Leeds businessman, had 3,388; Don Short, Medora rancher, 2,486. Three others were trailing.

Attorney Does Away With 30-Cent Account

AUSTIN, Texas. — (AP) — State Treasurer Jesse James received an okay from the attorney general yesterday to do away with a 30-cent bank account that hadn't been touched in more than 25 years.

The account in an Austin bank was from the administration of Comptroller S. H. Terrell, who left office in 1931.

The opinion said the situation fulfilled the legal definition of "dormant."

The Canary Islands, in the Atlantic Ocean about 60 miles off the northwestern coast of Africa, were known to the Romans. They referred to them as canaria, from the Latin word for dog, "canis," because they were overrun with wild dogs. They were also called the "Fortunate Islands." Later they were forgotten and were rediscovered by Europeans near the end of the 13th century.

Prepare to Launch Balloon at Sunrise

MOBERLY, Mo. (AP) — Preparations were under way today for the launching of a plastic balloon to an altitude of 118,000 feet for the study of cosmic rays.

The unmanned bag of polyethylene, a substance only .00075 of an inch thick, measures 200 feet from top to bottom, and will pack 200 pounds of scientific equipment.

Weather permitting, the launching will take place at sunrise tomorrow. The cosmic testings are under direction of Dr. Frank McDonald, University of Iowa physicist. The balloon is being assembled at the municipal airport.

When the balloon reaches its 22-mile limit automatic timers will set off a dynamite cap, blowing the instruments free. Suspended from a parachute, they are to float back to earth, followed by a tracking plane.

Giant Squid Studied

MIAMI, Fla. (AP) — A giant squid, said to be the largest taken in this area, is being studied by scientists at the University of Miami Marine Laboratory. The 43-foot, 250-pound squid was found floating near Abaco Island in the Bahamas by a U. S. Fish and Wildlife Service patrol boat.

Local Group To Nurses' Convention

Mrs. Edna Halman, Mrs. Juanita Mosier, Mrs. Lillian Mosier, Miss Thelma Doak, Mrs. Mary Lorna Sutherland, Mrs. Anna Snead and Mrs. Fred Dallard attended the tenth annual convention of the Missouri State Association of Licensed Practical Nurses, Incorporated, held at the Governor Hotel, Jefferson City, June 8, 9 and 10.

A luncheon meeting was held at 12:30 on June 8, at the hotel followed by a business meeting. A dinner was at 5:30 p. m. with a mixer at 8 p. m. and vespers at 9 p. m.

On June 9 the meeting started at 9 a. m. with invocation by Bishop Joseph M. Marling, C. P. S. Welcomes and responses were given preceding the business meeting.

The Founders luncheon was at 1 p. m. The afternoon session started at 2 p. m. with Margaret Riley presiding.

A panel discussion was held on "Our Future — How We Can Best Serve With and for Allied Health Groups." The moderator was Mrs. Virginia Dyer, R. N., supervisor, practical nurse training, State Department of Education.

Panel members were Mrs. Edna Peterson, R. N. director, Jewish Hospital School of Nursing; Mrs. Evelyn Stone, R. N., president of the Missouri State Nursing and Allied Homes Association; Neil C. Worthley, State Board of Health; Ted Lloyd, executive secretary, Missouri Hospital Association; Harry Wilson, educational director; Mrs. Ruby Jones, representative of the State Board of Nurses, and Merton Wheeler, director, industrial education, State Department of Education, Resource Personnel. This was followed by a question and answer period.

The banquet that evening at 6:45 p. m. had as toastmistress and entertainer, Miss Elizabeth Reed, R. N. from Florida, whose humor delighted her audience.

The morning session on June 10, was devoted to reports. A luncheon was held at noon and the meeting adjourned at 3 p. m.

Jail 17-Year Mother; Children Left Alone

KANSAS CITY (AP) — An expectant mother was jailed yesterday on a bogus check charge, leaving her three small children as pawns in a snarl of difficulties.

Mrs. Barbara Adams, 17, has admitted cashing \$208 in fraudulent checks over the last several months to help support her children, police said.

Her husband cannot be found. She is five months pregnant. Her boys are James Adams Jr., 2 1/2, Jerry, 1 1/2, and Eddie, 6 months.

The Police Department refused to accept them when juvenile authorities said yesterday they could not because it was after office hours.

As a result, they waited in a nursery home where their mother had left them in the first place until relatives took custody of them.

Drowns on Birthday

NASHVILLE, Tenn. (AP)—One-year-old Albert Hurt tumbled from his bed into a mop bucket full of water and drowned.

His mother Mrs. Albin E. Hurt, 17, said she was cleaning her three-room house when she decided to rest for a moment. When she returned to the room

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., June 25, 1958 7

10 minutes later, she said she found the infant head down in the bucket beside the bed. It was Albert's first birthday.

America knows its bourbon and its favorite is Old Crow

Light, mild 86 proof Old Crow by far outsells any bourbon in the land

THE OLD CROW DIST. CO., FRANKFORT, KY., DIST. BY NAT. DIST. PROD. CO., KENTUCKY STRAIGHT BOURBON WHISKY

I really used my head today

I stopped waiting...bought a new Plymouth...and man, what I saved!

Sometimes it's smart to wait, sometimes it isn't! Take me. I was putting off buying that new car we needed. Then I dropped in at my Plymouth dealer's. It was the most profitable visit of my life.

I found I could get my choice of new Plymouths at prices a whole lot lower than I believed possible. PLUS a trade-in offer on my old car so high that I made 'em say it twice!

And still more! I saved a clean \$140 on the Plymouth ride alone. That's famous Torsion-Aire Ride, Plymouth's top luxury ride. It's standard on all Plymouths (even the least expensive)

at no extra cost... but you have to pay up to \$140 extra for the top ride of the other two leading cars in the low-price field.

And Plymouth proved it can save me gas money by winning the 1958 Mobilgas Economy Run. (There's a new Fuel-Saver Choke that makes your gas buck go a lot further!) It proved it will save me still more money at trade-in time, with new Silver Dart Styling that will look new and bring more years from now!

Here's a beauty that's a money-saver. I'm a proud guy right now... and a whole lot of money ahead! See your Plymouth dealer.

Today's best buy...tomorrow's best trade... Plymouth

The City Budget Headache

If nothing else was accomplished except aroused interest in city financial affairs, a group of thirty Sedalia business and professional men came away from a meeting with the mayor and councilmen freshened by the knowledge that a budget committee's problems can't be solved in one evening of conversation.

Councilman Clyde Swafford, chairman of the finance committee, read tentative budget figures which indicated need for an additional \$50,000 at the most, and \$28,000 the least under a sharper paring knife, for the city's next fiscal year.

Thereafter discussion ranged freely about increasing auto license, gasoline, cigarette, real estate, personal property taxes and police fines to suggestions that police and other city employee salaries be raised. On one thing there seemed to be general agreement—that the need for immediate funds would more likely be met by a garbage collection fee of at least \$1.00 per month applied to the water bills of meter users. There are 7,500 of these in Sedalia which would provide by this method \$90,000 annually, approximately the amount spent last year for the sanitation department. Underwriting this amount by a garbage collection fee would loosen the budget for more freedom of action in allotting other departments the funds to meet increased demands for extended activities beyond the tentative pinched budget.

Repeated reference was made to public resistance to a change from free garbage collection to paid service. The word free is certainly a misnomer. Cost of garbage collection is a part of the sanitation department expenditures which

are paid out of revenues collected by the city tax levy device. A portion of this comes from the levy increase made about a decade ago. So garbage collection is no more free than police and fire protection. Everybody pays.

Because of statutory limitations the present tax levy could not be increased 33 cents, the approximate figure necessary to raise \$90,000. So the alternative proposed is a direct charge to the taxpayer by appending it to his water meter bill.

At the moment the garbage fee appears to be the quickest way to raise city revenue for the fiscal year.

On the other hand the finance committee has not concluded its explorations into the realms of anticipated revenue and adjusted expenditures.

Carlton L. Kelley, former councilman and city budget expert, noted that proposed increases on auto licenses, gasoline and cigarette taxes could not be made because of Missouri statutory limitations applied to third class cities like Sedalia. He indicated further that projection of the parking meter monies might be reexamined and a study made of the expense and income trends over a period of years. After a thorough analysis he suggested a report could then be made to the advisory group at a later date before final action is taken on adopting a budget which might require additional taxes or garbage collection fees.

The advisory group concurred in Mayor Silverman's invitation to Mr. Kelley to lend his assistance to the finance committee in an advisory capacity—an invitation which Mr. Kelley accepted.

The Washington Merry-Go-Round

Shy About Cabinet Wife's New Teeth

Drew Pearson

WASHINGTON—Concealing the truth continues to be the studied policy of official Washington.

When it leaked out that Mrs. McElroy, wife of the Secretary of Defense, was getting free dental work done at the Army's Walter Reed Hospital, dental authorities refused to comment. The press relations officer at Walter Reed referred inquiries to the Secretary of Defense. There it was officially explained that Mrs. McElroy's dental work as an "unimportant kind of thing."

The real truth, learned from other sources, however, is that all her teeth were pulled and she received a completely new set of dentures. It was also learned that the top dentist at Walter Reed came in after hours to work on Mrs. McElroy's teeth.

Army dentists are not permitted to work on the teeth of their own families. They are also not permitted to work on the teeth of any service dependent. Despite this strict ruling, it was officially stated by the Secretary of Defense that it was "normal procedure" for wives of cabinet officers to receive free dental treatment at Walter Reed Hospital.

Note—Mrs. McElroy's husband until recently was head of one of the biggest soap empires in the world—Procter and Gamble, makers of Ivory soap—"It floats."

The Next Adams Witness

In the background of the Sherman Adams case are ominous reports to squeeze two Boston newspapers out of business in one of the few American cities where there is still plenty of newspaper competition.

Testimony has already been officially recorded regarding the attempt of Robert Choate, publisher of the Herald and Traveler, to put the squeeze on the Boston Globe by obtaining TV Channel 5. The Harris subcommittee was probing this when it got diverted into the more sensational relationship between Sherman Adams and Bernard Goldfine.

Testimony is expected this week regarding the squeeze placed on another paper, the Boston Post, when its former publisher, John Fox, testifies. Fox, a former friend of Bernard Goldfine, knows him backward and forward, and has already supplied the Harris subcommittee with important information.

Fox suffered a series of tax crackdowns from the U.S. Treasury Department which he blames on some mysterious hidden hand high-up in government. First, the Treasury discovered that he had \$200,000 of whiskey in a bonded warehouse and demanded that he pay taxes on it.

Guest Editorial

MEMPHIS COMMERCIAL - APPEAL: The Hoarders. Considering how widely and consistently the safety of bank deposits has been advertised for the last score of years on such a matter, it would seem out of the question that anyone would keep large sums of cash hoarded at home. For all that, however, hardly a day passes without our reading in a newspaper that someone has been robbed of hard-earned money.

The most recent example we saw involved an elderly man, retired from active work, who reported to police the loss of a cache of \$19,300 he had kept in a zipper bag in a dresser drawer. The money was in bills of the smaller denominations and there was no record of serial numbers or anything else to aid police. In fact, the man said he had not even checked his cash since February.

There is no law requiring people to keep their money in safe places, though there may be times when police officers feel there should be. In any event, there is now no need whatever to fear the loss of money turned over to banks. It is a pity that men and women should encourage criminals and deprive themselves, as they do when they keep their worldly goods easily available for the unscrupulous.

Thought For Today

But withal prepare me also a lodging: for I trust that through your prayers I shall be given unto you.—Philemon 1:22.

Prayer is a sincere, sensible, affectionate pouring out of the soul to God, through Christ in the strength and assistance of the Spirit, for such things as God has promised. —John Bunyan

The Summit

The World Today

Soviets Are Looking Like Confused Men

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The Soviet Communists, like the Devil, have been credited with diabolical cunning in planning every move. They look now like men who have been in a confused search for a foreign policy for five years.

Joseph Stalin was neither modern nor subtle. He could think only in terms of violence. This provided him with a simple philosophy at home and abroad. He used terror to keep the Soviet people and the satellites in line.

As for Communist expansion, he thought in the crudest terms: push where you think you can get away with it. For instance, the war in Korea, Greece, and the Berlin blockade.

But what he achieved was what he wanted least: a solid Western alliance against the Soviet Union and a view by neutrals that the Soviet Union was a symbol of the bogeyman. He had outlived his time.

He died in 1953 at the dawn of a new age: the atomic and hydrogen bombs and intercontinental missiles. His heirs had to accommodate themselves to both the new age and new tactics to offset the damage he had done.

To win over the neutrals, Nikita Khrushchev sought to give the appearance of a benevolent Soviet Union freed at last from the terror of purges and violent advances.

As an example of the new day—the exception of secret po-

lice chief Lavrenti Beria who was executed — Khrushchev's rivals, like Molotov and Malenkov, were simply purged from their jobs. Unshot, they were banished to the provinces.

And the Soviet Union began economic help to the backward countries. At the same time Khrushchev had to find a way to soften the West and split its alliances by giving the appearance of a new, peaceful, friendly Soviet Union.

Hence his denunciation in 1956 of Stalin as a murderer and his suggestion—undreamed of in Stalin's time and anathema then and now to old-line Stalinists—that there are different roads to socialism—meaning communism.

This was intended to woo back Yugoslavia, give the appearance of relaxation of Soviet control over the satellites, encourage Western nations to show less hostility to their own, native, home-grown Communist parties.

Meanwhile, Khrushchev in person bounced around Europe and Asia, talking good will. But all this, as it turned out, was not so much a well thought out policy as an experiment, and one which turned out ruinously.

The Poles and Hungarians, taking advantage of what they thought was relaxation, revolted.

The latter had to be crushed by the Soviet army. Yugoslavia refused to be wooed back into the Soviet fold.

In short, the policy failed, and doubly so: the Western alliance did not disintegrate under Khrushchev's blandishments and unrest in the satellites continued, even though Khrushchev did make some progress with the neutrals.

Apparently the Soviet Communists became frightened by the Khrushchev experiment. The purge was restored with the execution of Hungarian Premier Imre Nagy and some of his lieutenants.

This wanton act of murder shocked the world, including the neutrals. No doubt it was intended as a warning to any would-be rebels in the satellites. In one foul execution, the Soviet communists undid much of their work since 1953.

It proved what only the absent-minded could have forgotten, that the Communists are political cannibals who will feed on themselves and all others who get in their way.

Khrushchev and his friends—who by their tactics have just about wrecked any chance of a summit meeting—appear at the moment to be in search of a new foreign policy.

Dr. Jordan Answers

Snoring Sometimes Cured; Position Change May Help

By Edwin P. Jordan, M. D.

Four letters lie before me asking what can be done about snoring. Two of them come from persons who snore. The other two are from the spouses of snorers.

Q—Can snoring be helped in any way? — M. R.

A—Snoring is the sound or sounds made during sleep by vibrations of one or more structures in the nose or throat, resulting from the inspiration or expiration of air. Sometimes there is a physical explanation such as the presence of polyps, a deflected septum in the nose, or the like. In some cases the snoring can be eliminated or lessened by surgical removal of the polyps, by treatment of an allergy, by removal of tonsils and adenoids or by similar means.

In other cases the snoring is

the result of the position of the sleeper. Usually it occurs when lying on the back. If this sleeping position can be changed, thus preventing the tongue from falling backward, the snoring may disappear. One suggestion for accomplishing this is to make back-sleeping uncomfortable by placing a small pillow under the neck.

Q—I should like your opinion on the use of aspirin for babies for the relief of colds, teething and the like. Could its continuous use cause any ill-effects? — Mrs. J.

A—Continuous use of any drug should be avoided. Small doses of aspirin for babies and small children often give a good deal of relief, but more than necessary is undesirable.

Aspirin poisoning is one of the most important kinds of poisoning of small children.

Ruth Millett Says

Family Vacation Home Just Means Mama Toils As Usual

A second home may become as common as a second car within the next decade, say building experts.

If so, Mama ought to have her head examined. When the family got a second car, Mama at least got some freedom along with the job of family chauffeur.

But when a family gets a second home, however wonderful it may be for Pop and the kids, for Mom it is a second household to run. She has two places to keep clean, two places to keep provided with food and other household necessities, two places that require such feminine touches as clean curtains, clean windows, clean closets and so on.

So the history of most weekend cabins is that, while Papa and the kids are out catching fish for Mama to fry, Mama is stuck in the cabin, doing housework as usual.

And there's another little handicap to the summer cottage, so far as Mama is concerned. City friends who don't have one of their own find it an ideal place for spending a weekend or just to happen by at mealtime.

So Mama doesn't even get away from entertaining, while the rest of the family are taking it easy.

Unless she's lucky, vacation trips are out, too. "After all," Papa reasons, "now we've got the summer cottage there's no need going to a resort for two weeks. We'll just go to the cottage."

And if Mama protests that she wants to go where there are people, Papa will tell her to invite anybody she wants to invite.

Slippage In Middle East

Hot, Cold Policy Includes Soft Talk With Nasser

By JOSEPH A. DEAR
Of Our Washington Bureau

WASHINGTON — The Adams affair has deflected attention from the Middle East, where control of events is fast slipping from Western hands.

The whole area, partly because of its oil, is of tremendous strategic importance to the West. The aim of American diplomacy in the area has been to keep the Russians out, and their influence to a minimum.

We backed the British effort to erect a "northern tier" alliance which would blockade Moscow. And though the United States is not a signatory to the Bagdad Pact, it has a warm approval.

The "northern tier" may crumble if United States military forces enter Lebanon to prevent the overthrow of the legitimate pro-

Western government of that country. The possibility of American intervention increases daily. Secretary of State Dulles already has outlined the legal justifications.

But even if the State Department has steeled itself to the consequences of intervention, it has not resolved its Nasser complex.

Nasser, of course, is the boss of Egypt. He persuaded Syria and Yemen to affiliate with his country. And it is Nasser who is behind the trouble in Lebanon.

Nasser has collaborated with Moscow. He has accepted military assistance from the Communists. And he has visited the Russian leaders in their capital. But the State Department is still hoping that Nasser can be kept in the Western camp.

For that reason Secretary Dulles speaks softly when Nasser is mentioned, even though the Department is convinced that the wily Egyptian is bent on trouble in Lebanon.

The situation has its farcical aspects. Here is the United States, seriously weighing the advisability of forceful intervention in Lebanon. And here is the United States, unwilling to take off the kid gloves when dealing with Nasser, who is behind the trouble.

But that's not the whole story. About a year ago, American policy makers decided to put their faith in King Saud of Arabia. It is in his corrupt and profligate kingdom that some of the greatest deposits of oil have been found. But no sooner had the decision been reached than a palace revolution reduced the king's power.

The United States is allied with both Greece and Turkey, through NATO. Our allies aren't speaking. The divisive question is Cyprus. Greece and Turkey want it. Britain has it.

The British now are proposing that Greece and Turkey share with them in administering Cyprus. This proposal apparently has pleased neither disputant. But American policy is to urge both to accept the British plan.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Death is a black end to earthly existence which frightens many people. It is the most dreaded thing which can happen to many human beings. This dread must result from a misconception of death or from a fear of the hereafter.

If one has followed God's adversary; if one has worshiped Satan and lived on sin; if one has placed himself above God; or if one has taken over God's responsibility for seeing that justice is done, he may rightly fear death.

Actually, death for those who are children of God is merely a transition from the narrow limits of human life to the endless breadth of dwelling with the Father. The broad life which the soul will enjoy in Heaven will be much different, more peaceful and more joyous than anything on earth. Heavenly souls will have no opportunity to worry, nor to look back on worldly suffering.

Russian, American Converse By Means of Amateur Radio

By HAL BOYLE

STAMFORD, Conn. (AP)—The Iron Curtain seems more easily pierced by air than on the ground.

At least radio amateurs of the United States and the Soviet Union find it simpler to communicate with each other on a person-to-person level than do political leaders.

Ham radio station operators in the two countries strike up other wave friendships freely.

Perhaps a typical example of these new adventures in international understanding is the relationship between Frank Enge and Leo Shiskin.

Enge is supervisor of research and development for the American Machine & Foundry Co. electronics laboratory here. Shiskin is an electrical engineer in Moscow.

Aug. 11, 1956, they first made contact via ham radio.

After that they quickly became pen pals. Leo asked Frank for copies of American radio journals, and sent him copies of Soviet radio journals—also some Russian classical phonograph records for Frank's wife.

Frank congratulated Leo on the Soviet scientific achievement when the first Sputnik went aloft, and Leo replied in kind when the United States sent up Explorer I, adding:

"That was the nearest the Russians ever came to a political remark," Enge said.

Leo Shiskin lost his Soviet radio Amateur license "for infractions of the rules," but never explained the nature of the violations.

Leo wrote that he made about 1200 rubles a month—the ruble is officially pegged at 25 cents.

"He also said that he only had

to pay 50 rubles a month rent," Enge recalled, "but he had to share a communal apartment with four other families. The apartment had only one bathroom, one kitchen and one telephone."

Frank wrote back that his own income was about \$1,000 a month, that he had a five-room, two-bath apartment and owned two cars. "This comparison may have made Leo unhappy, but so far he hasn't said so," remarked Enge smiling.

Enge estimated that perhaps 12,000 of some 160,000 American radio hams have made contact with Soviet amateurs.

"I think if the Russian people knew the American people, and we knew more about them, there would be no need for an Iron Curtain," Enge said.

Cards Slam Into Second Place in NL

By ED WILKS
The Associated Press

Those St. Louis Cardinals, finding a new hero for each series, have slam-banged into second place in the National League race on a monthlong ride from the depths.

It was Joe Cunningham's late-inning belts that gave the Cards a split in four games at Cincinnati last week. Then it was Ken Boyer's bat that beat the first-place Braves in two of three at Milwaukee over the weekend. And now it's Curt Flood doing the job against Pittsburgh.

The 20-year-old center fielder, with four hits in Monday's success, killed the Pirates again last night, breaking up Ronnie Kline's shutout bit with a two-run homer in the ninth for a 2-1 victory that extended St. Louis' winning string to four.

The Cards are .002 percentage points ahead of the San Francisco Giants, who skidded to third with a 2-1 defeat at Milwaukee.

In the other NL games, rookie John Briggs won his first in the majors with an eight-hit shutout as the Chicago Cubs defeated Philadelphia 3-0. The last-place Los Angeles Dodgers swept a winning 13-10 in 10 innings and tough two-night pair at Cincinnati, 7-2 in 11.

In the American League, the New York Yankees belted the Chicago White Sox 6-2, Kansas City and Washington were held to an eight-inning, 2-2 tie by rain, Detroit whipped Baltimore 5-0 on Paul Foytack's five-hitter, and Boston defeated Cleveland 4-3.

Flood slugged his fourth homer after a walk to junk Kline's five-hit shutout. Phil Paine won his fourth in relief.

Warren Spahn, who had lost three in a row, pitched a three-hitter against the Giants, getting the runs he needed on a pair of homers, Ed Matthews' 15th and Joe Adcock's ninth. Stu Miller (1-4) lost it.

Briggs, 24, a right-hander with a flock of bone chips in his elbow, struck out six and walked four—blanking the Phils on two hits over the last five innings. Al Dark's single, a sacrifice and an error gave the Cubs the big run in the sixth off Jack Sanford, now 5-6. Rookie Sammy Taylor hit his fourth homer, with one on, in the seventh.

The Dodgers blew leads in both games. They nailed the opener with three in the 10th on homers by Gil Hodges and Joe Pignatano off old pal Don Newcombe, the loser in relief for a 1-7 record. Duke Snider and Hodges homered for an early lead in the big game and then drove in three runs between them in a five-run 11th as Bob Purkey (3-4) lost his third straight. Sandy Koufax (5-3) won the opener in relief and saved the second game for rookie Dick Williams (3-1).

Walt Drope, purchased from the Chicago White Sox earlier in the day, got the Reds started in the nightcap with his first National League homer, off rookie Bob Giallombardo in the sixth inning.

Snider was 6-for-9 and drove in six runs in the double-header, while Hodges drove in five runs.

Matter of FACT

Mercury, a silver-white metallic element sometimes called "quicksilver," has long been used by men. Before the time of written history, cinnabar—mercury ore combined with sulphur—was used to make red paint. Very early, mercury was used for a bright coating on ornaments and for medical purposes. The alchemists tried many ways of mixing mercury with other metals to make gold.

LSU Athletic Head In Better Condition

NEW YORK (AP)—Jim Corbett, athletic director at Louisiana State University, was reported improved early today at St. Clare's Hospital, but still in a critical condition.

Corbett suffered a heart attack here Monday night. He was enroute home to Baton Rouge, La. after a business trip.

Paul Foytack In Step With Tiger Spirit

By ED WILKS
The Associated Press

Right-hander Paul Foytack finally is in step with the Tigers' new winning spirit.

The Tigers have won 11 of 14 under new Manager Bill Norman, climbing from last place to within sight of second in the American League. Foytack was charged with two of those three defeats. But last night he got hep with a five-hit shutout that beat Baltimore 5-0. It was his first victory and complete game in four tries since May 31.

The first-place New York Yankees interrupted Chicago's white-wash win with a 6-2 victory over the White Sox. The A's and Washington played a 2-2 tie held to eight innings by rain at Kansas City. Boston beat Cleveland 4-3.

In the National League, St. Louis took over second place, defeating Pittsburgh 2-1 while first-place Milwaukee split San Francisco to third 2-1. The Chicago Cubs defeated Philadelphia 3-0, and Los Angeles took a rugged two-night pair at Cincinnati, winning 13-10 in 10 innings and 7-2 in 11.

Foytack, now 6-7, struck out five while walking two. The Tigers backed him up with a four-run fifth inning after Gail Harris' fifth home run had staked him to a second-inning lead. Rookie Mill Pappas (4-2) was the loser.

The White Sox, who had gained six shutouts in nine games, got three scoreless innings from Early Wynn—then the Yankees bopped him for five runs in the fourth, all on homers. Mickey Mantle hit his 13th, Jerry Lumpe picked a two-on spot for his first in the majors, and Norm Siebern wrapped it up with his third of the year.

Bob Turley, who had lost two in a row, became the first to win 11, giving up solo homers to Earl Torgeson and Jim Landis and getting superb relief from Ryne Duren.

Vic Power, who was 4-for-4 and drove in all three Cleveland runs with a homer and a single, wound up as a goat for the Tribe, booting Lou Berven's two-out grounder as the winning run scored in a two-run Boston ninth. Leo Kiely (3-1) won it, with Hoyt Wilhelm (2-3) the loser, both in relief.

The Senators, blanked on five hits for six innings, caught up with Ralph Terry after an hour-long interruption by rain and scored twice in the seventh. Neil Chrissy's pinch single squared it.

Gonzales Is Favorite In Tennis Tournament

FOREST HILLS, N. Y. (AP)—Pancho Gonzales today led the pro tennis caravan on to Los Angeles where Jack Kramer's masters tournament opens Saturday. Gonzales is the favorite after his \$4,750 sweep in the Tournament of Champions.

Despite Tuesday night's 13-15, 6-3, 6-4 loss to Australian Lew Hoad, Gonzales won \$3,000 top money in the singles, another \$750 in sharing the doubles crown with Australian Ken Rosewall and an extra \$1,000 in "appearance money" from promoter Kramer in an off court agreement.

Bartzen Is Leading In Valley Tennis

KANSAS CITY (AP)—Bernard (Tut) Bartzen, ranked ninth nationally, led a field of high-ranking competitors into today's first round of the Missouri Valley tennis tournament.

Bartzen, from Dallas, won the tournament championship in 1955. Challenging him are David Harum of Coral Gables, Fla.; Gene Land, Oklahoma City, several times Oklahoma state champion; Neil Unterscher of Lincoln, Nebraska champ, and Kansas City's Hal Surface and Len Prosser.

Harum is ranked 26th nationally, and Surface has been rated as high as seventh.

FACING A ROOKIE'S SLANTS—The ball comes up to a San Francisco batter from Milwaukee Braves rookie Carlton Willey, making his first start in the majors. Willey limited the Giants

to six singles and earned a 7-0 victory at Milwaukee. The umpire is Tom Gorman.

Calhoun, Boyd Meet In Televised Bout

CHICAGO (AP)—Rory Calhoun of White Plains, N. Y., and Chicago's Bobby Boyd, a couple of ranking middleweights, meet tonight in a 10-round nationally televised bout in Chicago Stadium.

Calhoun, 23, scored a two-round TKO over Boyd, 24, in New York last November.

Calhoun will take a 34-4-1 record against Boyd. He has scored 13 knockouts and is ranked sixth by Ring Magazine and seventh by the National Boxing Assn.

Boyd, who has a 48-8-3 record, is ranked eighth by both the NBA and Ring Magazine.

Calhoun has had five bouts since stopping Boyd. He outpointed Randy Sandy, knocked out young Beau Jack, Yolande Pompey and Spider Webb, but was defeated by Joey Giardello.

Boyd has two victories and a draw since his loss to Calhoun. He outpointed Charly Joseph and Neal Rivers but was held to a draw by Holly Mims.

Calhoun is expected to be a solid 2-1 favorite.

ABC will telecast at 10 p.m. EDT.

Refugee From Coast Hurls Win for Cubs

PHILADELPHIA (AP)—John Briggs, 25-year-old refugee from the Pacific Coast and Texas Leagues, used a ramshackle right arm Tuesday night to win his first major league game for the Chicago Cubs.

"As a matter of fact," he said today, "I've got an elbow full of floating chips that a doctor out in Los Angeles said ought to be removed this fall."

John, making his third start for the Cubs, blanked the Philadelphia Phillies 3-0. He allowed eight hits in besting Jack Sanford and fanned six.

"Maybe he's got floating chips," chimed in Freddy Fitzsimmons, Cubs pitching coach, "but he's also got a good fast ball and a pretty cute slider to go with his curve ball. All he needed was to get the ball over the plate. He did all right, I thought."

Mrs. Agnes Chase, 88, recently received her first college degree (honorary) from the University of Illinois. Without formal training in botany, she became senior botanist at the Smithsonian Institute, Washington, D. C. She is ranked among the top 15 American botanists.

Two Castoffs Beam As Cardinals Win

PITTSBURGH (AP)—A couple of castoffs are beaming with happiness because they're getting to play regularly with the St. Louis Cardinals.

"Being able to play makes me much happier," said outfielder Curt Flood Tuesday night after he hit a two-run homer in the ninth inning to give the Cardinals a 2-1 victory over the Pittsburgh Pirates.

The Cardinals' fourth consecutive triumph boosted them into second place in the National League, their high point of the season.

"This is the greatest," pitcher Phil Paine chimed in. "I'm more happy than I ever was," he added after pitching two scoreless innings of relief to gain his fourth victory of the year.

Flood came up with Cincinnati last year from the Savannah club of the Class A South Atlantic League. He was traded during the winter to the Cardinals.

Since 1951, with time out for military service in 1952-53, Paine had been shuffled from the majors to the minors. Before this season started, Milwaukee asked waivers on Paine and the Cardinals picked him up.

Warren Spahn Still Willing to Learn

MILWAUKEE (AP)—One of the reasons why the Milwaukee Braves' Warren Spahn deserves the accolade "great" is that at 37 he is still willing to learn.

He pulled out of a personal tailspin Tuesday night with the help of a bullpen self-analysis and, just when it seemed he might be headed for the shoals of age, turned back the San Francisco Giants 2-1 on only three hits.

Safety Given Antitrust Law Team Sports

WASHINGTON (AP)—Top professional sports officials today hailed the House vote to grant to baseball and other team sports sweeping immunity from the nation's antitrust laws.

The bill would enable professional teams to continue long-established practices such as player drafts and baseball's reserve clause. It also would give clubs more authority over television and radio broadcasts of games.

The same standards would cover all the big four team sports—baseball, football, basketball and hockey.

The House passed the bill by voice vote yesterday. The Senate still must act.

"The bill, if passed, is one that all sports can live with, but it is

in no sense a license," said Baseball Commissioner Ford Frick.

"The House has expressed its confidence in American sports. It is now up to us to demonstrate that the confidence is not misplaced."

Similar praise was voiced by National Football Commissioner Bert Bell, minor league Commissioner George Trautman and Clarence Campbell, president of the National Hockey League.

In passing the measure, the House turned down a bill sponsored by Rep. Emanuel Celler (D-NY) and approved by the Judiciary Committee. That bill would have exempted professional sports from the antitrust laws only to the extent that their practices were found "reasonably necessary" for the sport to function. Critics said the legislation would create a chaotic condition and deluge teams with law suits.

The House-passed bill says, in effect, that only strictly business activities—things like stadium and concession operations—are subject to antitrust prohibitions against monopoly and business restraints. The substitute proposal, offered by Rep. Francis E. Walter (D-Pa) says the antitrust laws cannot apply to contracts, agreements or other practices in the big four sports as they relate to:

1. Equalization of competitive playing strength.
2. The employment, selection or eligibility of players, or the reservation, selection or assignment of player contracts.
3. The right of teams and clubs

to operate within specified geographic areas.

4. Regulation of rights to broadcast and telecast reports and pictures of games.

5. The preservation of public confidence in the honesty in sports contests (through commissioners' offices).

The bill preserves the right of players to bargain collectively and have their own player organizations.

**OLD COURTHOUSE,
Cape Girardeau**

The old Court of Common Pleas building stands on land originally granted for public structures by pioneer trader Louis Lorimer in 1804 to show his support for the new government introduced by the Louisiana Purchase.

In 1863 the lofty tower stared grimly down on General John Marmaduke's unsuccessful Confederate attack on fortified Cape Girardeau, Union communications center. Today, this 103-year-old Classic-Revival building houses city offices. In its basement, one still sees on the cell walls the scrawled names of soldiers captured in that battle.

Missouri Division, United States Brewers Foundation, 915 Olive, St. Louis 1.

Wedding Gowns Are Modeled by D of I

Our Lady's Circle No. 222, Daughters of Isabella, Tipton, met Monday night in St. Andrew's Club Room with 45 members present. Rosary in church preceded the meeting.

The national regent's message was read. Plans for the birthday party were told by the committee. Mrs. Alma Fry has tickets to sell for the movie, "The Song of Bernadette", being sponsored by the Boonville Daughters of Isabella.

Short form initiation was held for a new member, Miss Della Koechner.

Following the meeting a very interesting hour was held. Refreshments were served after which bridal gowns were modeled by members.

As master of ceremonies, Mrs. Cecil Bestgen, introduced the ladies doing the modeling, along with the names of the owners of the gowns and the dates they were married.

In a snowstorm which swept Northwestern Ontario, Canada, recently, an American plane was damaged when it was forced down and hit a highway sign. It was towed to a nearby service station, repaired, then took off again from the highway.

RECEIVES GRANT — William Eugene Hammond of 508 East 11th, Sedalia, a graduate of the University of Missouri, has received a grant to study European history at the University of Strasbourg and Paris, France.

Approximately 900 grants for graduate study abroad in the academic year 1958-59 will be awarded under the program of the International Exchange Program of the United States Department of State. These awards are made under the provisions of Public Law 584, 79th Congress, the Fulbright Act. These students were recommended by the Missouri Committee on State Fulbright Scholarships, under the chairmanship of Hubert Wheeler.

Hopeful Of Friday Play

By CYNTHIA LOWRY

NEW YORK (AP)—Robert Alda, who has already been discovered twice, hopes to be found for a third time Friday night.

Dark, good-looking Alda who started in show business as a night club singer, was discovered by the movies when he played George Gershwin in "Rhapsody in Blue."

"Then," he says sadly, "all producers wanted me for was to play piano players."

In an effort to break out of type, Alda quit Hollywood and returned to night clubs and vaudeville. He was singing in Detroit when the producers of the musical "Guys and Dolls" saw him work and cast him as gambler Sky Masterson.

"Then Broadway discovered me," he continues, "and while Sky was the hero, he was a gambler. Gamblers and racketeers are sort of the same. So Broadway producers started thinking of me as a heavy."

Friday night Alda appears on a CBS Playhouse of Stars film show, "Curfew at Midnight," playing a parole officer deeply concerned with the rehabilitation of adult offenders under his supervision a good guy.

"I'm due to be discovered by television," says Alda half-joking. gets a good reception it might be a starting point for a series. The parole officer character is one who could build a good show around."

The forthcoming show is by no means the first time Alda has been seen on TV. He has done innumerable guest shots, and was the star of a wartime cloak and dagger series made for the American syndication market in Holland. There was nothing the matter with the series that a stronger selling organization

Answer to Previous Puzzle

The Mature Parent

If Child Admits Mistake; Mother's Nagging Is Unwise

By MRS. MURIEL LAWRENCE

The proprietress of a delicatessen I sometimes trade at has a 16-year-old daughter.

One Sunday afternoon the girl was assembling salad makings for me when I suddenly realized her mind wasn't on what she was doing. Her face intent, she was listening to the murmuring conversation going on between her mother and a customer at the cold cuts counter.

The next moment, she thrust my bag at me and whirling from the vegetable stand began to scream at her mother.

"O.K., I give him up!" she yelled. "I don't see him any more! He's the nothing you said he was. Then why don't you drop it? Why aren't you glad I know what a jerk he is now instead of discovering it three years from now when I might have been married to him?"

There was a painful silence. Then the mother said heavily, "O.K., Marlene. O.K. You are right."

I thought, "Mother, do you really believe she's right?" Sometimes though our heads tell us a child is right, our emotions make us resent him for having been wrong. And like mother in the delicatessen, we will discharge ourselves in nagging complaints of his past wrongness.

This is when children begin to scream at us.

Therefore, when we are screamed at, it is wise to consider the possibility that we have been nagging the screamer and try to come to some terms with our old resentment.

Unless, of course, we enjoy being screamed at.

The young do not scream at us for no reason. The violence of their yells usually measures the exact degree of our secret resistance to them.

Just as we don't employ a powerful bulldozer to move a paper bag, we don't apply verbal violence to people who we know are accepting what we say. So the verbal violence of the child who

screams at us tell us that we are like some massive obstruction in the path of the bulldozer.

Thus, it isn't enough to say to the child who screams for release from our reproach, "Yes, you are right." We have to convince ourselves that he is right so that we can stop reminding him that he was wrong.

The Great Barrier Reef lies off the northeast coast of Australia. It is like a long, irregular wall, 300 to 500 feet high. It is 1,200 miles long, equal to the distance from Maine to Florida. Only small parts of the reef show above the surface of the ocean. The reef provides a protected channel for ships sailing from Brisbane to Cape York.

NATIONAL DOLL WINNERS—Shown are the national winners in three divisions of the Christmas Doll Contest sponsored by Seventeen Magazine for the benefit of the Foster Areas, which provides underprivileged children overseas with dolls made by American teen-age girls.

They are the bride doll in the fashion division, in the back, the baby doll on the right and the character doll on the left. A Sedalia girl won honorable mention in the national contest in the fashion division with a bride doll. She was Glenda Reed.

The doll kits, consisting of a plastic face and a man's white sock, may be secured at the Flower's Store, headquarters in this region, for a quarter. Local winners in the contest will receive a Coro bracelet and earring set, an RCA Victor record album by Tony Perkins and a bottle of "Intoxication" toilet water by D'Orsay of Paris.

The three national first prize winners, one in each contest category, will be awarded a five-day New York holiday Nov. 8 to 13, with the highlights of the trip being an appearance on TV's "The Ed Sullivan Show," a reception in their honor at the United Nations dining in famous restaurants, meeting celebrities, seeing Broadway shows and a full round of Manhattan sightseeing.

The grand prize for the nation's most talented dollmaker will be a 16-day all expense-paid trip to Europe via Pan American World Airways from Nov. 14th to Dec. 1.

Ages of contestants between 13 and 19 and entries must be returned to Flowers by Sept. 5, with the regional contest to be Sept. 12.

Women of Moose Elect Officers For Coming Year

Mrs. John Johnson was elected senior regent for the coming year of the Women of the Moose at the "Membership" Chapter meeting held Tuesday night.

Other officers chosen to serve with her are: junior graduate regent, Karen Marcum; junior regent, Mabel Cramer; chaplain, Rose Robb; recorder, Ann Patterson; and treasurer, Alice McMellen.

Installation of officers will be held Tuesday, June 24th, following the business meeting.

Harry Satterwhite, Moose secretary, was guest speaker, and his membership talk was most informative. Any successful organization, he said, is dependent upon its members for support, both financial and active, and new members are the life blood of the Moose Lodge. The Moose is fortunate to be able to offer a worthwhile program of service to communities and with added incentive of supporting Mooseheart and Moosehaven, permanent memorials of the order. However, conservation of members is also an important part of the program he said. Concluding, Satterwhite stressed the great possibilities of expansion and noted that many honors are possible for those who do outstanding work on membership.

Patricia Starkey, chairman of Chapter Night program, introduced the speaker.

The senior regent, Karen Marcum, presided at the business meeting and directed the election of the new officers.

Deanie Burk, academy of friendship chairman, announced a contribution to the Mooseheart Chapter Room, from her committee project.

A social hour with refreshments followed the meeting.

Angelita Has Docked; Zsa Zsa to Hostess Gala Party on Board

SAN PEDRO, Calif. (AP) — Shipping note: the Angelita, four-masted yacht of Gen. Rafael Trujillo Jr., is back in Los Angeles Harbor.

Social note: Zsa Zsa Gabor says she'll be hostess at a gala party aboard the Angelita July 8, now that it is firmly linked to a solid dock with hausers, cables, a gang-plank and a telephone line.

Last Monday the son of the Dominican Republic's strongman took the 350-foot vessel hurriedly to Santa Monica, a 35-mile voyage northwest, presumably to place the yacht closer to Hollywood and the film capital's many attractions.

But he returned the boat yesterday — apparently because the harbor there and had to anchor a quarter mile offshore. As Miss you know, Why, they didn't have reach.

OUTFOXING NATURE—In defiance of its natural instincts, a beagle hound owned by Joe Pollard of the Union Hill community in Independence County, Ark., recently "kidnaped" a young gray fox from a litter in a hollow log and is raising the animal. The fox, which nurses from the beagle as often as the hunger urge beckons, appears to be contented with his strange foster mother.

Subpoena Rackets Boss in St. Louis

EAST ST. LOUIS, Ill. (AP) — Frank (Buster) Wortman, reputed rackets boss of this area, and an associate were subpoenaed yesterday by the Senate Rackets Committee.

Special investigators for the committee handed the subpoenas to Wortman and an associate,

Sam Magin, as they stepped outside an East St. Louis tavern operated by Wortman.

No date has been set for Wortman and Magin to appear.
